SAYS CUBANS KNOW

Brooklyn: According to a recent State Department report, the Soviet bloc has given Castro's Cuba an estimated $100 million worth of military equipment, including 50 to 75 MIG jet fighters. But State sees "no evidence" that the Soviet Union has supplied Cuba with missiles, or that missile bases are under construction in Cuba. The existence of rocket bases in Cuba is known to every Cuban since almost a year. I can point out at least two places in Cuba where rocket bases have been set up. I am a Cuban. So how is it that the State Department or the CIA do not know these facts, or are they trying to hide these facts from the public?
